# How to Succeed at Virtual SACC

- Complete your profile in <u>SACCentral</u>.
- Upload your resume ASAP – Employers will not connect with you if they don't see your resume.
- Research companies participating in SACC. View a complete listing of companies participating on our website. Review their career sites for insight and to develop questions for recruiters.
- Attend webinars. Companies use this opportunity to share helpful information and to answer your questions.
- Review and apply for jobs posted in SACCentral
- Develop your 'elevator speech' – a short overview of your background, education and career goals.
- Location matters. Plan to be in a quiet, well-lit space with a neutral background to avoid distractions during the career fair.
- Dress professionally. While the initial contact will be via chat, you may be asked for a video interview. Being well-dressed will make a good first impression.
- During your video chats, maintain eye contact and practice active listening.
- Take notes and follow up.
